SMARTY is commitment-free mobile

Choose between our plans, order your SIM and activate when it arrives. There's no minimum contract, you pay in advance for your one month plan, can cancel at any time or change plans monthly.

To ensure you remain connected to SMARTY you can select auto-renew, we then take payment for the plan you've selected automatically each 30 days. Alternatively, if you are paying manually, please remember to make your payment in time before the next month to keep connected.

You can manage your plan and payments via your SMARTY dashboard: smarty.co.uk/dashbaord

For auto-renew, if a payment fails, we will send you notice to make payment, otherwise your service will be disconnected. If you don't make a manual payment, we will try to take payment again over the next few days and so please check your funds in the nominated bank account - if then successful you will be reconnected and your next month's plan will start from when the successful payment is taken.

All our SIMs are 5G Ready, so as long as you're in an area with 5G coverage and you have a 5G enabled Phone, you can connect to the 5G network.

Data discount plans

Get money off your next month for any unused data

Standard Plan pricing. Plans may change in the future and promotions and offers on plans may run at various times and in various channels.

How Data Discount works

With our Data Discount plans, you get a discount on your next month for any unused data. At the end of the month, your unused data is calculated and converted into a discount. We then credit your plan the following month, up to the maximum discounts below, as there is a minimum £5 service charge for all plans (used to cover network costs and provide unlimited calls and texts).

No longer available to new customers

Fair use policies

With our Unlimited data plans there's no hidden 'fair use policies' within the UK, giving you all the access to the Internet you'd need without worrying about hefty bills and no data speed restrictions.

If you're travelling in the EU you will be subject to our fair use limit of 12GB each month and can roam for up to 60 consecutive days at a time. See our [Terms of Service](#) for more details.

All our SMARTY plans must only be used for your personal and non-commercial use.

Our add-ons

If you run out of data, want to make chargeable calls, roam without restriction in the EU or get unlimited data for a few days, you can buy an add-on. You can buy the relevant add-on for you at anytime via your SMARTY dashboard.

Data add-ons and out of plan add-ons will never expire as long as you are with SMARTY and you can choose how many days you want for an EU Roaming Pass or a UK Unlimited Data Pass.

All the details for each add on are on the following pages.

Our data add-ons

You can pick how much extra data you want to add on to your plan from the below options. This data can be used in the UK or EU and doesn't have an expiry date for as long as you're with SMARTY, so use it when suits you.

Add-on price includes VAT.

Out of plan add-ons

Our out of plan add-ons are available in increments of £5 (up to £15).

The type of calls you can make with this out of plan add-on are UK premium numbers starting with 084 or 087, and to call Directory Enquiries. See pages 9 and 10 for pricing.

You need an out of plan add-on for international calls and roaming. See pages 16, 19 and 22 for pricing.

Top up your out of plan balance, then just pay as you go.

NB. Data Only customers who purchase an out of plan add-on can use this credit to make UK and EU calls. See pages 9, 10 and 19 for pricing.

Our add-ons — UK Unlimited Data Passes

SMARTY's UK Unlimited Data Passes give you access to more data, when and where you need it and for as long as you need it.

UK Data Passes are available for 1 day, 3 days, 7 days and 30 days (where a day is determined as 24 hours from the time of activation) and give you Unlimited data, in the UK only, for that period, without touching your normal plan data allowance.

When the pass expires, you will return to your normal plan data allowance that you have remaining for that month.

Add-on price includes VAT.

Our add-ons — EU Roaming Data Passes

SMARTY's EU Roaming Data Passes give you access to your whole plan data allowance for the period of time you choose, instead of being restricted to the standard monthly 12GB EU roaming fair usage cap. See page 11 for information on "Fair usage policies" and page 17 for details of "Roaming".

EU Roaming Data Passes are available for 1 day and 3 days (where a day is determined as 24 hours from time of activation) and, if you are on a plan with over 12GB, gives you access to the rest of your plan whilst in the EU, for that period. When the pass expires, you will return to your normal data plan.

Add-on price includes VAT.

Roaming

— using your mobile abroad

With SMARTY you can use your mobile to call, text and get online while travelling abroad.

Travelling in the EU

Data comes out of your monthly allowance or data add-ons (Up to 12GB of fair use in the EU). Calls and texts are unlimited for calls to the UK or within the EU (excluding Data Only plans). Please see page 10 for more information about our Fair Use Policy.

You need an out of plan add-on to make calls and texts from EU countries to the rest of the world and with a Data Only plan to make calls and texts to the UK or within the EU.

Travelling outside the EU

You need an out of plan add-on for data, calls and texts for countries outside the EU. Top up your out of plan balance, then just pay as you go.

Roaming – country bands

The roaming rates you'll be charged for calls and messages while abroad will depend on which band the country you're travelling in falls into. See the table below to find out.
